

*Simplicity*TM is NSilico's revolutionary new bioinformatics product which empowers biologists to assemble, annotate and analyse bacterial and viral genomes with just a few mouse clicks.

In order to offer maximum flexibility to users, we offer two pricing options:

Option 1: "Pay-as-you go"

€35 for 10 credits*

Minimum spend via P.O. **€525**, i.e. 150 credits.

*Different pipelines require different numbers of credits, for example a *de novo* assembly requires 10 credits. Please see <https://simplicity.nsilico.com/> for more details.

Please choose a type of prokaryotic pipeline

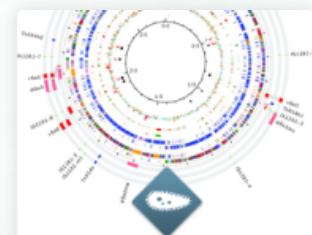

ASSEMBLY & ANNOTATION
De novo assembly -
 unassembled reads
 10 credits

ASSEMBLY & ANNOTATION
 Genome mapping -
 unassembled reads
 10 credits

ASSEMBLY & ANNOTATION
 Genome annotation of
 draft genome(s)
 10 credits

ASSEMBLY & ANNOTATION
 Genome Comparisons
 2 credits

Option 2: Annual License†

Bronze Package	Silver Package	Gold Package	Platinum Package
<ul style="list-style-type: none"> • €480/month • 150 credits per month • Price per 10 credits €32 	<ul style="list-style-type: none"> • €700/month • 250 credits per month • Price per 10 credits €28 	<ul style="list-style-type: none"> • €1,250/month • 500 credits per month • Price per 10 credits €25 	<ul style="list-style-type: none"> • €2,200/month • 1,000 credits per month • Price per 10 credits €22

†Single seat user-license. Pricing for multi-seat user licenses is available on application.
